

Building Personalities

*Look for beauty in everyone
And the serenity in everything
Let joy and happiness
Surround you so keeping*

*Be calm and worry less
To keep yourself relaxed
Listen to others, open your mind
And avoid passing judgment*

*Drop your ego
Excel your modesty
Let love and forgiveness
Become a part of your personality*

*Value others and
Lend your hand and ears
Be faithful to your loved ones
And be happy throughout your years*

*Avoid the know-it-all style
And show your support
Try to be your true self
Give it your best effort*

*Instill empathy in yourself
And share it with the world
The world needs it and it's
More valuable than diamonds and gold*

*A positive personality is
A treat to be around
And if you come across one
Know that, a gift, you have found*
